

## KS2 Science 4 Year Cycle

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Cycle 1	Plants	Earth and Space	Animals including humans	Food, teeth and digestive system	Circulatory system. Living things and their habitats	Animals including humans – skeletons/muscles (evolution Y6)
Cycle 2	Light	Rocks and soils. Forces and magnets	Animals including humans – impact of diet/exercise (Y5/6)	Changes in states of Matter / Properties and changes in materials	Electricity	Sound
Cycle 3	Earth and space	Plants	Animals including humans	Food, teeth and digestive system	Circulatory system – Living things and their habitats	Animals including humans – skeletons/muscles (evolution Y6)
Cycle 4	Light	Rocks and soils	Animals including humans – impact of diet/exercise (Y5/6)	States of matter – water cycle Forces and magnets	Electricity	Sound

Seasonal change is taught for one or two sessions each half term so that children are able to get an overview of the changes over time. We use PLAN to support our Science planning.
