School Child Protection and Safeguarding Policy Framework

Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the **best interests** of the child.

(Keeping Children Safe in Education)

1. Ethos statement

We recognise the moral and statutory responsibility placed on all staff to safeguard and promote the welfare of all children. We aim to provide a safe and welcoming environment, underpinned by a culture of openness where both children and adults feel secure, are able to raise concerns and believe they are being listened to, and that appropriate action will be taken to keep them safe.

Children at our school will be able to talk freely to any member of staff or regular visitor to our school if they are worried or concerned about something. All staff and regular visitors will, either through training or induction know how to recognise a disclosure from a child and will know how to manage this. We will not make promises to any child and we will not keep secrets.

2. Introduction

The Local Governing Body recognises the need to ensure that it complies with its duties under legislation and this policy has regard to statutory guidance, Keeping Children Safe in Education (KCSiE), Working Together to Safeguard Children and locally agreed inter-agency procedures put in place by Suffolk Safeguarding Children Board.

This policy will be reviewed annually, as a minimum, and will be made available publicly via the school's website or on request.

Safeguarding and promoting the welfare of children is defined as: protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.

This policy is for all staff, parents, governors, volunteers and the wider school community. It forms part of the child protection and safeguarding arrangements for our school and is one of a suite of policies and procedures which encompass the safeguarding responsibilities of the school.

The aims of this policy are to:

- Provide staff with a framework to promote and safeguard the wellbeing of children and young people and ensure that they understand and meet their statutory responsibilities;
- Ensure consistent good practice across the school.

The Local Governing Body expects that all staff will know and understand this Child Protection and Safeguarding Policy and their responsibility to implement it. Staff must, as a minimum have read and understand [Part One of KCSiE](#). Governors will ensure that they have read and understand [Parts One and Two of KCSiE](#).

The Local Governing Body will ensure that arrangements are in place for all staff members to receive appropriate safeguarding and child protection training which is regularly updated.

Compliance with this Policy will be monitored by the Headteacher, Designated Safeguarding Lead (DSL) and Named Safeguarding Governor.

Safeguarding is not just about protecting children from deliberate harm. For our school it includes such things as pupil safety and protecting our pupils from, bullying, racist abuse and harassment, children missing education and online abuse etc. The witnessing of abuse can have a damaging affect on those who are party to it, as well as the child subjected to the actual abuse, and in itself will have a significant impact on the health and emotional well-being of the child.

Abuse can take place in any family, institution or community setting, by telephone or on the Internet. Abuse can often be difficult to recognise as children may behave differently or seem unhappy for many reasons, as they move through the stages of childhood or their family circumstances change. However, it is important to know the indicators of abuse and to be alert to the need to consult further.

All school staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another.

The following policy has been adapted from Suffolk County Council's (SCC) Model Child Protection Policy 2017 and links to other relevant policies such as Online Safety, Whistleblowing, Anti-Bullying, our Staff Code of Conduct and other relevant guidance to staff, such as relating to our 'Prevent' duty.

The Ofsted inspection framework (September 2015) sets out what it expects to see for safeguarding within schools, early years and other educational settings to be considered effective.

This includes evidence to support that:

- Children and learners being protected from harm and feeling safe.
- Children know how to raise issues/worries and understand the process for doing so.
- Adults who work with them are able to give a strong and proactive response to any concerns raised with them.
- Adults also know and understand the indicators that may suggest a child, young person or young adult is suffering or at risk of abuse, neglect or harm.
- Adults take appropriate action in line with local procedures and statutory guidance.

Our safeguarding arrangements are reported, by the Headteacher to the Local Governing Body on a termly basis and this policy is reviewed annually, in order to keep it updated in line with local and national guidance/legislation.

3. Statutory framework

Section 157 of the Education Act 2002 and the Education (Independent Schools) Regulations 2014 for independent schools (including academies and free schools) place a statutory duty on Local Governing Bodies to have policies and procedures in place that safeguard and promote the welfare of children and young people who are pupils of the school which must have regard to any guidance given by the Secretary of State.

A Local Safeguarding Children Board (LSCB) must be established for every local authority area. The LSCB has a range of roles and statutory functions including developing local safeguarding policy and procedures and scrutinising local arrangements. In Suffolk, all professionals including staff in schools should work in accordance with the inter-agency procedures developed by the Suffolk SCB (SSCB) which can be found on their website at: <http://suffolkscb.org.uk/>.

4. Key roles and responsibilities

Local Governing Body

The Local Governing Body has a legal responsibility to make sure that there are appropriate policies and procedures in place in order for appropriate action to be taken in a timely manner to safeguard and promote children and young people's welfare, and to monitor that the school complies with them. The Local Governing Body should also ensure that the policy is made available to parents and carers by publishing this on the school website or in writing if requested.

The Local Governing Body will ensure that the school contributes to inter-agency working in line with statutory guidance Working Together to Safeguard Children and that the school's safeguarding arrangements take into account the procedures and practice of Suffolk County Council.

It is the responsibility of the Local Governing Body to ensure that staff and volunteers are properly vetted to make sure they are safe to work with the pupils who attend our school and that the school has procedures for appropriately managing allegations of abuse made against members of staff (including the Headteacher and volunteer helpers).

The Local Governing Body will ensure that there is a Named Safeguarding Governor, a Designated Safeguarding Lead (DSL) who has lead responsibility for safeguarding and child protection, and a designated teacher to promote the educational achievement of children who are looked after, and ensure that these people have the appropriate training.

The Local Governing Body will inform Suffolk County Council annually about the discharge of their safeguarding duties by completing the safeguarding self-assessment audit.

Designated Safeguarding Lead (DSL)

The DSL should take lead responsibility for safeguarding and child protection. This should be explicit in the role-holder's job description. (The broad areas of responsibility and activities related to the role of the DSL are set out in Annex B of KCSiE).

The DSL will have the appropriate status and authority to carry out the duties of the post.

The DSL and any alternate DSLs should liaise with the local authority and work with other agencies in line with Working Together to Safeguard Children.

During term time, the DSL and/or an alternate should always be available during school hours for staff to discuss any safeguarding concerns. The DSL will make arrangements for adequate and appropriate cover arrangements for any out of hours/out of term time activities.

The DSL will undergo training to provide them with the knowledge and skills to carry out the role. This training will be updated every two years.

Headteacher

The Headteacher will ensure that the policies and procedures adopted by the Local Governing Body are fully implemented and that sufficient resources and time are allocated to enable staff members to discharge their safeguarding responsibilities.

All staff

All staff members have a responsibility to provide a safe environment in which children can learn.

All staff members must read and ensure they understand Part One of KCSiE.

All staff members must ensure they are familiar with the systems within school which support safeguarding, including the Child Protection and Safeguarding Policy and the Staff Code of Conduct.

All staff members should be aware of the types of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection.

All staff members should know what to do if a child tells them he/she is being abused or neglected.

All staff members should be aware of the process for making referrals to children's social care and for statutory assessments under the Children Act 1989 that may follow a referral, along with the role they might be expected to play in such assessments.

All staff members should be aware of the [early help process](#) and understand their role within it. This includes providing support as soon as a problem emerges, liaising with the DSL, and sharing information with other professionals in order to support early identification and assessment, focussing on providing interventions to avoid escalation of worries and needs. In some cases, staff members may be asked to act as the lead professional in undertaking an early help assessment.

There will be occasions when some form of physical contact is inevitable, for example if a child has an accident or is hurt or is in a situation of danger to themselves or others around them. It is recognised that some children in School may require intimate care, specifically help with toileting.

However, at all times the agreed policy for physical intervention and safe restraint must be adhered to. If staff, visitors, volunteers are working with children alone they will, wherever possible, be visible to other members of staff. They will be expected to inform another member of staff of their whereabouts in school, who they are with and for how long and what they are doing. Doors, ideally, should have a clear glass panel in them and be left open / unobscured. All staff will have access to and be expected to know our school's policy for physical intervention and safe restraint.

All adults that come into regular contact with children at our school will be recorded on our Single Central Record.

Role:	Name and contact details:
Designated Safeguarding Lead (DSL)	Mrs. Le Grice, Headteacher
Alternate DSL	Mrs. McGrath-Wells, Teacher
Named Safeguarding Governor	Mr. Peter Drew. Email: safe.gov@stokebynaylandprimaryschool.org.uk
Chair of Governors	Mrs. Vivienne Klimowicz. Email: chair.gov@stokebynaylandprimaryschool.org.uk
School e-Safety Lead	Mrs. McGrath-Wells
Designated teacher for Children in Care (CiC)	Mrs. Le Grice, Headteacher

5. Training

The Local Governing Body will ensure that all staff members and regular volunteers receive appropriate safeguarding and child protection training which is regularly updated and [in line with advice from SSCB](#). In addition, all staff members will receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children.

All new staff members will undergo safeguarding and child protection training at induction. This will include training on the school's safeguarding and child protection policy, the Staff Code of Conduct / Handbook and the role of the Designated Safeguarding Lead. Copies of the school's policies, procedures and Part One of KCSiE will be provided to new staff at induction.

The Headteacher will ensure that an accurate record of safeguarding training undertaken by all staff is maintained and updated regularly.

Our Governing Body will have access to safeguarding training. Our Chair of Governors and our Named Governor for Safeguarding will also undertake additional training at least every two years

6. Recognising concerns - signs and indicators of abuse.

All staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Abuse is defined as a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or another child or children.

The following indicators listed under the categories of abuse are not an exhaustive list.

Physical Abuse: a form of abuse which may involve; hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional Abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may

involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual Abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as, masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect and poor parenting: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment.
- It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

(Source: Keeping Children Safe in Education)

7. Specific safeguarding issues

All staff members should have an awareness of safeguarding issues, some of which are listed below. Staff members should be aware that behaviours linked to the likes of drug taking, alcohol abuse, truanting and sexting put children in danger.

All staff should be aware that safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, but may not be limited to, bullying (including cyberbullying), gender based violence/sexual assaults and sexting.

School staff can access government guidance as required on the issues listed below via GOV.UK and the [safeguarding topics page on the SSCB website](#). Further information is also included in Appendix A:

- child sexual exploitation (CSE)
- bullying including cyberbullying
- domestic violence
- drugs
- fabricated or induced illness
- faith abuse
- female genital mutilation (FGM)
- forced marriage
- gangs and youth violence
- gender-based violence/violence against women and girls (VAWG)
- mental health
- private fostering
- preventing radicalisation
- hate
- sexting
- relationship abuse
- trafficking
- children missing from home or care
- children missing education
- children and adult missing strategy

8. Curriculum

The Local Governing Body will ensure that children are taught about safeguarding through teaching and learning opportunities as part of a broad and balanced curriculum. This is in order to help children stay safe, recognise when they do not feel safe and identify who they might or can talk to.

The school will endeavour to provide activities and opportunities in the Personal, Social and Health Education (PHSE) and Sex and Relationship (SRE) curriculum that will equip our children with the skills they need to stay safe. This will also be extended to include material that will encourage our children to develop essential life skills.

The Local Governing Body/ will also ensure there is a comprehensive curriculum response to online safety issues, enabling children and young people and their parents to learn about the risks of new technologies, communication and social media and how to use these responsibly.

The school will ensure that there are appropriate filters and monitoring systems in place to safeguard children and young people from potentially harmful and inappropriate online material.

9. Online safety

The use of technology has become a significant component of many safeguarding issues, for example, technology often provides the platform that facilitates child sexual exploitation, radicalisation and sexual predation.

There are three categories of risk:

- Content: being exposed to illegal, inappropriate or harmful material;
- Contact: being exposed to harmful online interaction with other users; and
- Conduct: personal online behaviour that increases the likelihood of, or causes, harm.

The Local Governing Body has had due regard to the additional information and support set out in KCSiE and will ensure that the school has a whole school approach to Online Safety and has a clear policy on use of communications technology in school.

10. Peer on peer abuse

In most instances, the conduct of pupils towards each other will be covered by the Behaviour Policy. However, some allegations may be of such a serious nature that they may raise safeguarding concerns. The school is clear that abuse is abuse and should never be tolerated or passed off as “banter” or “part of growing up”.

Peer on peer abuse can manifest itself in many ways and may include bullying (including cyber bullying), online abuse, gender-based abuse, ‘sexting’ or sexually harmful behaviour.

Any incidents of serious peer on peer abuse will be managed in the same way as any other child protection concern and will follow the same procedures.

11. Procedures for staff and volunteers

If staff members notice any indicators of abuse/neglect or signs that a child or young person may be experiencing a safeguarding issue they should record their concerns on the school’s recording form for safeguarding concerns and pass it to the DSL without delay. Example in Appendix B

What to do if you are concerned.

If a child makes an allegation or disclosure of abuse against an adult or other child or young person, it is important that you:

- ◆ Stay calm and listen carefully;
- ◆ Accept what is being said;
- ◆ Allow the child to talk freely – do not interrupt or put words in the child’s mouth;
- ◆ Only ask questions when necessary to clarify, do not investigate or ask leading questions;
- ◆ Reassure the child, but don’t make promises which it might not be possible to keep;
- ◆ Do not promise confidentiality;
- ◆ Emphasise that it was the right thing to tell someone;
- ◆ Reassure them that what has happened is not their fault;
- ◆ Do not criticise the perpetrator;
- ◆ Explain what has to be done next and who has to be told;
- ◆ Make a written record, which should be signed and include the time, date and your position in school;
- ◆ Do not include your opinion without stating it is your opinion;
- ◆ Pass the information to the DSL or alternate without delay
- ◆ Consider seeking support for yourself and discuss this with the DSL as dealing with a disclosure can be distressing.

When a record of a safeguarding concern is passed to the DSL, the DSL will record the time and date the record of concern was received. The DSL will assess the concern and, taking into account any other safeguarding information known about the child/young person, consider whether it suggests that the threshold of significant harm, or risk of significant harm, has been reached. If the DSL is unsure whether the threshold has been met they will contact the MASH Professional Consultation Line for advice (0345 606 1499). Where appropriate, the DSL will complete and submit the SSCB multi agency referral form (MARF) ([available on the SSCB website](#)).

Where the DSL believes that a child or young person may be at imminent and significant harm risk of harm they should call Customer First immediately and then complete the SSCB MARF within 24 hours to confirm the referral. In these circumstances, it is important that any consultation should not delay a referral to Customer First.

Where a safeguarding concern does not meet the threshold for completion of a MARF, the DSL should record how this decision has been reached and should consider whether additional needs of the child have been identified that might be met by a coordinated offer of early help.

School staff might be required to contribute to inter-agency plans to provide additional support to children. This might include attendance at child protection conferences or core group meetings. The school is committed to providing as much relevant up to

date information about the child as possible, including submitting reports for child protection conference in advance of the meeting in accordance with SSCB procedures and timescales.

12. Information sharing, record keeping and confidentiality

As part of meeting a child's needs, the school understands that it is critical to recognise the importance of information sharing between professionals and local agencies and will contribute to inter-agency working in line with Working Together to Safeguard Children. Where there are concerns about the safety of a child, the sharing of information in a timely and effective manner between organisations can reduce the risk of harm. Whilst the Data Protection Act 1998 places duties on organisations and individuals to process personal information fairly and lawfully, it is not a barrier to sharing information where the failure to do so would result in a child or vulnerable adult being placed at risk of harm. Similarly, human rights concerns, such as respecting the right to a private and family life would not prevent sharing where there are real safeguarding concerns.

Staff will have regard to the SSCB Information Sharing Guidelines: [Information Sharing Guidelines](#).

Well-kept records are essential to good child protection practice. All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements, staff should discuss with the DSL.

If we are concerned about the welfare or safety of any child, we will record our concern on the agreed report forms as detailed in our local procedures and give this to the Designated Safeguarding Lead. Blank copies of these forms are available from the Designated Safeguarding Lead. Any information recorded will be kept securely in a locked filing cabinet. Children with active cases / involvement of other agencies and services shall have separate files kept. These files are the responsibility of the Designated Safeguarding Lead and information will only be shared within school on a need to know basis for the protection of the child.

Any safeguarding information will be kept in these files. Copies of referrals, invitations to child protection conferences or multi-agency discussions and meetings, core groups and reports will also be stored here.

Reports of a concern to the Designated Safeguarding Lead must be made in writing and signed and dated by the person with the concern.

If a child leaves our school we will ensure that our Designated Safeguarding Lead makes contact with the Designated Safeguarding Lead at the following school and the file will be forwarded under confidential cover. Acknowledgement of receipt will be sought from the receiving professional.

The school will have regard to SCC [Guidance for schools on maintaining and transferring pupil safeguarding/child protection records](#).

The school recognises that confidentiality should be maintained in respect of all matters relating to child protection. Information on individual child protection cases may be shared by the DSL or alternate DSL with other relevant members of staff. This will be on a 'need to know' basis and where it is in the child's best interests to do so.

A member of staff must never guarantee confidentiality to anyone about a safeguarding concern (including parents / carers or pupils), or promise a child to keep a secret, which might compromise the child's safety or wellbeing.

The school will always undertake to share its intention to refer a child to Social Care with their parents /carers unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, staff will consult with the MASH Professional Consultation Line on this point.

13. Managing allegations made against members of staff or volunteers

The school will follow the SSCB [Arrangements for Managing Allegations of Abuse Against People Who Work With Children or Those Who Are in A Position of Trust](#) if an allegation is made against an adult in a position of trust.

An allegation is any information which indicates that a member of staff /volunteer may have:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child; or
- behaved towards a child or children in a way that indicates he/she would pose a risk of harm to children.

This applies to any child the member of staff/volunteer has contact with in their personal, professional or community life. It also applies regardless of whether the alleged abuse took place in our school.

If any member of staff has concerns that a colleague or volunteer might pose a risk to children it is their duty to report these to the Headteacher. Where the concerns or allegations are about the Headteacher, these should be referred to the Chair of Governors.

The Headteacher/Chair of Governors should report the concern to the Local Authority Designated Officer (LADO) within one working day.

The corporate director for Health, Wellbeing and Children's Services, has identified dedicated staff to undertake the role of LADO. LADOs can be contacted via email on LADOCentral@suffolk.gcsx.gov.uk or by using the LADO central telephone number: **0300 123 2044** for allegations against all staff and volunteers.

14. Whistleblowing

The Local Governing Body recognises that children cannot be expected to raise concerns in an environment where staff fail to do so.

Whistleblowing is 'making a disclosure in the public interest' and occurs when a worker (or member of the wider school community) raises a concern about danger or illegality that affects others, for example, pupils in the school or members of the public.

All staff should be aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions/inactions of colleagues, poor or unsafe practice and potential failures in the school's safeguarding arrangements.

The Local Governing Body would wish for everyone in the school community to feel able to report any child protection/safeguarding concerns through existing procedures within school, including the Whistleblowing Procedure adopted by governors where necessary. However, for members of staff who do not feel able to raise such concerns internally, there is a NSPCC whistleblowing helpline. Staff can call 0800 028 0285 (line available from 8.00am to 8.00pm, Monday to Friday) or email: help@nspcc.org.uk

16. Appendix A

Further information on specific safeguarding issues (additional source: Annex A, KCSiE)

Children missing from education

All children, regardless of their circumstances, are entitled to a full time education, which is suitable to their age, ability, aptitude and any special educational needs they may have. Local authorities have a duty to establish, as far as it is possible to do so, the identity of children of compulsory school age who are missing education in their area. Effective information sharing between parents, schools and local authorities is critical to ensuring that all children are safe and receiving suitable education.

A child going missing from education is a potential indicator of abuse or neglect and such children are at risk of being victims of harm, exploitation or radicalisation. School staff should follow their procedures for unauthorised absence and for dealing with children that go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future.

Schools and colleges should put in place appropriate safeguarding policies, procedures and responses for children who go missing from education, particularly on repeat occasions. It is essential that all staff are alert to signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns such as travelling to conflict zones, female genital mutilation and forced marriage. Further information about children at risk of missing education can be found in the [Children Missing Education](#) guidance.

Schools

The law requires all schools to have an admission register and, with the exception of schools where all pupils are boarders, and attendance register. All pupils must be placed on both registers. Schools must place pupils on the admission register at the beginning of the first day on which the school has agreed, or been notified, that the pupil will attend the school. If a pupil fails to attend on the agreed or notified date, the school should consider notifying the local authority at the earliest opportunity to prevent the child from going missing from education.

It is important that the admission register is accurate and kept up to date. Schools should regularly encourage parents to inform them of any changes whenever they occur. This can assist the school and local authority when making enquiries to locate children missing education.

Schools should monitor attendance and address it when it is poor or irregular. All schools must inform the local authority of any pupil who fails to attend school regularly, or has been absent without the school's permission for a continuous period of 10 school days or more, at such intervals as are agreed between the school and the Local Authority.

Where a parent notifies a school that a pupil will live at another address, **all** schools are required to record in the admission register:

- the full name of the parent with whom the pupil will live;
- the new address; and
- the date from when it is expected the pupil will live at this address.

Where a parent of a pupil notifies the school that the pupil is registered at another school or will be attending a different school in future, schools must record in the admission register:

- the name of the school; and
- the date on which the pupil first attended or is due to start attending that school.

Schools are required to notify the Local Authority **within five days** when a pupil's name is added to the admission register. Schools will need to provide the local authority with all the information held within the admission register about the pupil. This duty does not apply to pupils who are registered at the start of the school's youngest year, unless the local authority requests for such information to be provided.

Schools must also notify the Local Authority when a pupil's name is to be deleted from the admission register **under any of the fifteen grounds set out in the Education (Pupil Registration) (England) Regulations 2006 as amended, as soon as the ground for deletion is met and no later than the time at which the pupil's name is deleted from the register**. This duty does not apply where the pupil has completed the school's final year, unless the Local Authority requests for such information to be provided.

A pupil's name can only be deleted from the admission register under regulation 8(1), sub-paragraph (f)(iii) or (h)(iii) if the school and the Local Authority have failed to establish the pupil's whereabouts after jointly making reasonable enquiries. Advice on carrying out reasonable enquiries can be found in the [Children Missing Education](#) guidance.

Where a school notifies a local authority that a pupil's name is to be deleted from the admission register, the school must provide the Local Authority with:

- the full name of the pupil;
- the full name and address of any parent with whom the pupil lives;
- at least one telephone number of the parent with whom the pupil lives;
- the full name and address of the parent with whom the pupil is going to live, and the date the pupil is expected to start living there, if applicable;
- the name of pupil's destination school and the pupil's expected start date there, if applicable, and

- the ground in regulation 8 under which the pupil's name is to be deleted from the admission register.

Schools and local authorities should work together to agree on methods of making returns. When making returns, the school should highlight to the local authority where they have been unable to obtain the necessary information from the parent, for example, in cases where the child's destination school or address is unknown. Schools should also consider whether it is appropriate to highlight any contextual information of a vulnerable child who is missing education, such as any safeguarding concerns.

It is essential that schools comply with these duties, so that local authorities can, as part of their duty to identify children of compulsory school age who are missing education, follow up with any child who might be at risk of not receiving an education and who might be at risk of being harmed, exploited or radicalised.

The department provides a secure internet system – school2school – to allow schools to transfer pupil information to another school when the child moves. All local authority maintained schools are required, when a pupil ceases to be registered at their school and becomes a registered pupil at another school in England or Wales, to send a Common Transfer File (CTF) to the new school. Academies, (including free schools) are also strongly encouraged to send CTFs when a pupil leaves to attend another school.

The school2school website also contains a searchable area, commonly referred to as the 'Lost Pupil Database', where schools can upload CTFs of pupils who have left but their destination or next school is unknown or the child has moved abroad or transferred to a non-maintained school. If a pupil arrives in a school and the previous school is unknown, schools should contact their local authority who will be able to search the database.

Child Exploitation including Child Sexual Exploitation (CSE)

Children and young people can be exploited by their associations and through gang activity. They may suffer exploitation through their use of modern technology such as the internet, mobile phones and social networking sites.

Child sexual exploitation is a form of abuse where children are sexually exploited for money, power, or status. It can involve violent, humiliating and degrading sexual assaults. In some cases, young people are persuaded or forced into exchanging sexual activity for money, drugs, gifts, affection or status. Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Child sexual exploitation does not always involve physical contact and can happen online. A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point. Some of the following signs may be indicators of sexual exploitation:

- Children who appear with unexplained gifts or new possessions;
- Children who associate with other young people involved in exploitation;
- Children who have older boyfriends and girlfriends;
- Children who suffer from sexually transmitted infections or become pregnant;
- Children who suffer from changes in emotional well-being;
- Children who misuse drugs and alcohol;
- Children who go missing for periods of time or regularly come home late; and
- Children who regularly miss school or education and do not take part in education.

Domestic Violence and Abuse

A new government definition of domestic violence (DV) has been developed and came into force in March 2013. It changed the definition to one of *domestic violence and abuse* (DVA). The new definition now includes 16 and 17 year olds, recognising that they are the largest group to experience domestic abuse and violence. It is now defined as:

'Any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality. This can encompass, but is not limited to, the following types of abuse: psychological; physical; sexual; financial; emotional'.

Children may suffer both directly and indirectly if they live in households where there is domestic violence. Domestic abuse is likely to have a damaging effect on the health, development and welfare of children, and it will often be appropriate for such children to be regarded as Children in Need under the Children Act 1989.

Where there is evidence of domestic violence, we will report our concerns to the appropriate agency including children's social care and the police in order to prevent the likelihood of any further abuse taking place.

Online Safety including sexting, cyberbullying and exploitation

Our e-Safety Policy clearly states that mobile phone or electronic communications with a student at our school is not acceptable other than for approved school business e.g. coursework, mentoring. Where it is suspected that a child is at risk from internet abuse including sexting (when a young person takes an indecent image of themselves and sends this to their friends or boy / girlfriends via mobile phones) or cyber bullying we will report our concerns to the appropriate agency.

Gangs and youth violence

At our school we will endeavour to protect our children and young people from exposure to gang activity and exploitation by having robust Attendance and Behaviour policies and to act on relevant information or allegations. We will take all reports seriously and will share this information appropriately with other agencies to safeguard our pupils from harm.

Safeguarding Disabled Children

Disabled children may require additional action. This is because they experience greater risks as a result of negative attitudes and 'created vulnerability'. This may lead to disabled children having unequal access to services and resources, and because they may have additional needs relating to physical, sensory, cognitive and/ or communication impairment (*Safeguarding Children, DCSF, July 2009*).

At our school we will ensure that our disabled children are listened too and responded to appropriately where they have concerns regarding abuse. In order to do this we will ensure that our staff and volunteers receive the relevant training to raise awareness and have access to specialist staff in the event they have concerns regarding the abuse of a disabled child.

Substance Misuse

Pupils affected by their own or other's drug misuse should have early access to support through the school and other local services. As part of a school's duty to promote pupils' wellbeing, schools have a clear role to play in preventing drug misuse as part of their pastoral responsibilities.

Mental Health

The implications of decreased emotional well-being are related to mental health concerns such as stress, depression and anxiety which can contribute to physical ill-health, such as digestive disorders, sleep disturbances and general lack of energy.

The above list is not exhaustive and as new policy guidance and legislation develops within the remit of Safeguarding we will review and update our policy as appropriate and in line with the Local Safeguarding Children Board and Local Authority to ensure Stoke by Nayland CEVCP School is a safe place to learn and work.

Private Fostering

Private fostering is an arrangement made between the parent and the private foster carer, who then becomes responsible for caring for the child in such a way as to safeguard and promote his/her welfare.

A privately fostered child means a child under the age of 16 (18 if a disabled child) who is cared for and provided with accommodation by someone other than a:

- ◆ parent.
- ◆ person who is not a parent but has parental responsibility.
- ◆ close relative.
- ◆ Local Authority for more than 28 days and where the care is intended to continue. It is a statutory duty for our school to inform the Local Authority where we are made aware of a child or young person who may be subject to private fostering arrangements.

Trafficked Children

Child trafficking involves moving children across or within national or international borders for the purposes of exploitation.

Exploitation includes children being used for sex work, domestic work, restaurant / sweatshop, drug dealing, shoplifting and benefit fraud. Where the School is made aware a child is suspected of or actually being trafficked/exploited we will report our concerns to the appropriate agency.

Preventing Radicalisation and Extremism

It is essential that our staff are able to identify pupils/students who may be vulnerable to radicalisation, the process by which a person comes to support terrorism and forms of extremism, and know what to do when they are identified. Our school sees protecting our pupils from the risk of radicalisation as part of our wider safeguarding duties, and that it is similar to protecting pupils from other risks (e.g. drugs, gangs, neglect, sexual exploitation), whether these come from within their family or are the product of outside influences. All staff will have access to a general Prevent awareness programme to be able to understand and identify any risks to pupils at risk of radicalisation and report their concerns to our Designated Safeguarding Lead and when it is appropriate to make a referral to the Channel panel. Channel is a panel which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism.

Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. All schools are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 ("the CTSA2015"), in the exercise of their functions, to have "due regard to the need to prevent people from being drawn into terrorism". This duty is known as the Prevent duty.

As part of our safeguarding ethos we encourage pupils to respect the fundamental British values of democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs. We ensure that partisan political views are not promoted in the teaching of any subject in the School and where political issues are brought to the attention of pupils, reasonably practicable steps are taken to offer a balanced presentation of opposing views to pupils.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. It can happen in many different ways and settings. Specific background factors may contribute to vulnerability which are often combined with specific

influences such as family, friends or online, and with specific needs for which an extremist or terrorist group may appear to provide an answer. The internet and the use of social media in particular has become a major factor in the radicalisation of young people.

As with other safeguarding risks, staff should be alert to changes in children's behaviour which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately, which may include making a referral to the Channel programme.

Prevent

From 1 July 2015, specified authorities, including all schools as defined in the summary of this guidance, are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have "due regard to the need to prevent people from being drawn into terrorism". This duty is known as the Prevent duty. It applies to a wide range of statutory guidance issued under section 29 of the CTSA 2015. Paragraphs 57-76 of the [Revised Prevent duty guidance: for England and Wales](#) are specifically concerned with schools (but also cover childcare). The guidance is set out in terms of four general themes: Risk assessment, working in partnership, staff training, and IT policies.

• Schools are expected to assess the risk of children being drawn into terrorism, including support for extremist ideas that are part of terrorist ideology. This means being able to demonstrate both a general understanding of the risk affecting children and young people in the area and a specific understanding of how to identify individual children who may be at risk of radicalisation and what to do to support them. Schools should have clear procedures in place for protecting children at risk of radicalisation. These procedures may be set out in existing safeguarding policies. It is not necessary for schools to have distinct policies on implementing the Prevent duty.

• The Prevent duty builds on existing local partnership arrangements. For example, governing bodies of all schools should ensure that their safeguarding arrangements take into account the policies and procedures of the Local Safeguarding Children Board. Effective engagement with parents / the family should also be considered as they are in a key position to spot signs of radicalisation. It is important to assist and advise families who raise concerns and be able to point them to the right support mechanisms. Schools should also discuss any concerns in relation to possible radicalisation with a child's parent in line with the school's safeguarding policy and procedures unless they have specific reason to believe that to do so would put the child at risk.

• The Prevent guidance refers to the importance of Prevent awareness training to equip staff to identify children at risk of being drawn into terrorism and to challenge extremist ideas. Individual schools are best placed to assess the training needs of staff in the light of their assessment of the risk to pupils at the school of being drawn into terrorism. As a minimum, however, schools should ensure that the Designated Safeguarding Lead undertakes Prevent awareness training and is able to provide advice and support to staff on protecting children from the risk of radicalisation.

• Schools should ensure that children are safe from terrorist and extremist material when accessing the Internet in schools.

The Government has launched [educate against hate](#), a website designed to equip school and college leaders, teachers and parents with the information, tools and resources they need to recognise and address extremism and radicalisation in young people. The website provides information on training resources for teachers, staff and school and college leaders, such as Prevent e-learning, via the Prevent Training catalogue.

Channel

School staff should understand when it is appropriate to make a referral to the Channel programme. Channel guidance is available at: [Channel guidance](#). An e-learning Channel awareness programme for staff is available at: [Channel General Awareness](#). Channel is a programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. It provides a mechanism for schools to make referrals if they are concerned that an individual might be vulnerable to radicalisation. An individual's engagement with the programme is entirely voluntary at all stages. In addition to information sharing, if a staff member makes a referral to Channel, they may be asked to attend a Channel panel to discuss the individual referred to determine whether support is required.

Section 36 of the CTSA 2015 places a duty on local authorities to ensure Channel panels are in place. The panel must be chaired by the local authority and include the police for the relevant local authority area. Following a referral, the panel will assess the extent to which identified individuals are vulnerable to being drawn into terrorism and, where considered appropriate and the necessary consent is obtained, arrange for support to be provided to those individuals. Section 38 of the CTSA 2015 requires partners of Channel panels to co-operate with the panel in the carrying out of its functions and with the police in providing information about a referred individual. Schools and colleges that are required to have regard to Keeping children safe in education are listed in the CTSA 2015 as partners required to cooperate with local Channel panels.

Some members of our communities hold beliefs that may be common within particular cultures but which are against the law of England. Stoke by Nayland CofE Primary School does not condone practices that are illegal and which are harmful to children. Examples of particular practices are:

Faith abuse

Some faiths believe that spirits and demons can possess people (including children). What should never be considered is the use of any physical or psychological violence to get rid of the possessing spirit. This is abusive and will result in a criminal conviction of those using this form of abuse even if the intention is to help the child.

Female Genital Mutilation (FGM) and gender based violence

This is against the law yet for some communities it is considered a religious act and cultural requirement. It is illegal for someone to arrange for a child to go abroad with the intention of having her circumcised. If any of the above areas of concern is brought to the attention of our school, we will report those concerns to the appropriate agency in order to prevent this form of abuse taking

place. This is now a mandatory duty, placed on all school staff, to report to the police, any suspected case of FGM where they discover that this act has been carried out on a child under the age of 18 years. Schools are not required to examine a child, even though it will be rare that visual evidence of FGM will be seen, but where there is a direct or indirect disclosure that the act of FGM has been carried out, the usual child protection procedure of the school should be followed. Guidance on the warning signs that FGM or forced marriage may be about to take place, or may have already taken place, can be found on pages 38-41 of the [Multi agency statutory guidance on FGM](#) (pages 59-61 focus of the role of schools and colleges) and pages 13-14 of the [Multi-agency guidelines: Handling cases of forced marriage](#).

FGM mandatory reporting duty

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and form of child abuse with long-lasting harmful consequences.

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon **teachers** along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should not be examining pupils, but the same definition of what is meant by “to discover that an act of FGM has been carried out” is used for all professionals to whom this mandatory reporting duty applies. Information on when and how to make a report can be found at [Mandatory reporting of female genital mutilation procedural information](#).

Teachers **must** personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also still consider and discuss any such case with the school's Designated Safeguarding Lead and involve children's social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or through visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures.

Forced Marriage

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example) Nevertheless, some communities use religion and culture as a way to coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage.

The Forced Marriage Unit has published [Multi-agency guidelines](#), with pages 32-36 focusing on the role of schools and colleges. School and college staff can contact the Forced Marriage Unit if they need advice or information. Contact: 020 7008 0151 or email fmu@fco.gov.uk.

Honour Based Violence

Honour based violence is a crime or incident, which has or may have been committed to protect or defend the honour of the family and/or community', including FGM forced marriage and practices such as breast ironing. It is important to be alert to signs of distress and indications such as self-harm, absence from school and truancy, infections resulting from female genital mutilation, isolation from peers, being monitored by family, not participating in school activities, unreasonable restrictions at home or forced marriage. Where it is suspected that a child/young person is at risk from Honour Based Violence our school will report those concerns to the appropriate agency in order to prevent this form of abuse taking place.

17. Appendix B
Record of concern about a child's safety and welfare

Part 1 (for use by any staff – must be handwritten and legible)

Pupil's name:		Date of birth:	Class/Form:
Date & time of incident:		Date & time (of writing):	
Name (print):		Job title:	
Signature:			
Record the following factually: Nature of concern, e.g. disclosure, change in behaviour, demeanour, appearance, injury, witnesses etc. <i>(please include as much detail in this section as possible. Remember – the quality of your information will inform the level of intervention initiated. Attach additional sheets if necessary.)</i>			
What is the pupil's perspective?			
Professional opinion, where relevant <i>(how and why might this have happened?)</i>			
Any other relevant information. Previous concerns etc. <i>(distinguish between fact and opinion)</i>			
Note actions, including names of anyone to whom your information was passed and when			

Check to make sure your report is clear to someone else reading it.

Please pass this form to your DSL without delay

Record of concern about a child/young person's safety and welfare

Part 2 (for use by DSL)

Information received by DSL:	Date:	Time completed:	From whom:
Any advice sought , if applicable	Date:	Time completed:	From: name/organisation:
	Advice received:		
Action taken with reasons recorded <i>(e.g. MARF completed, monitoring advice given to appropriate staff, CAF etc.)</i>	Date:	Time completed:	By whom:
Outcome	Date:	Time completed:	By whom:

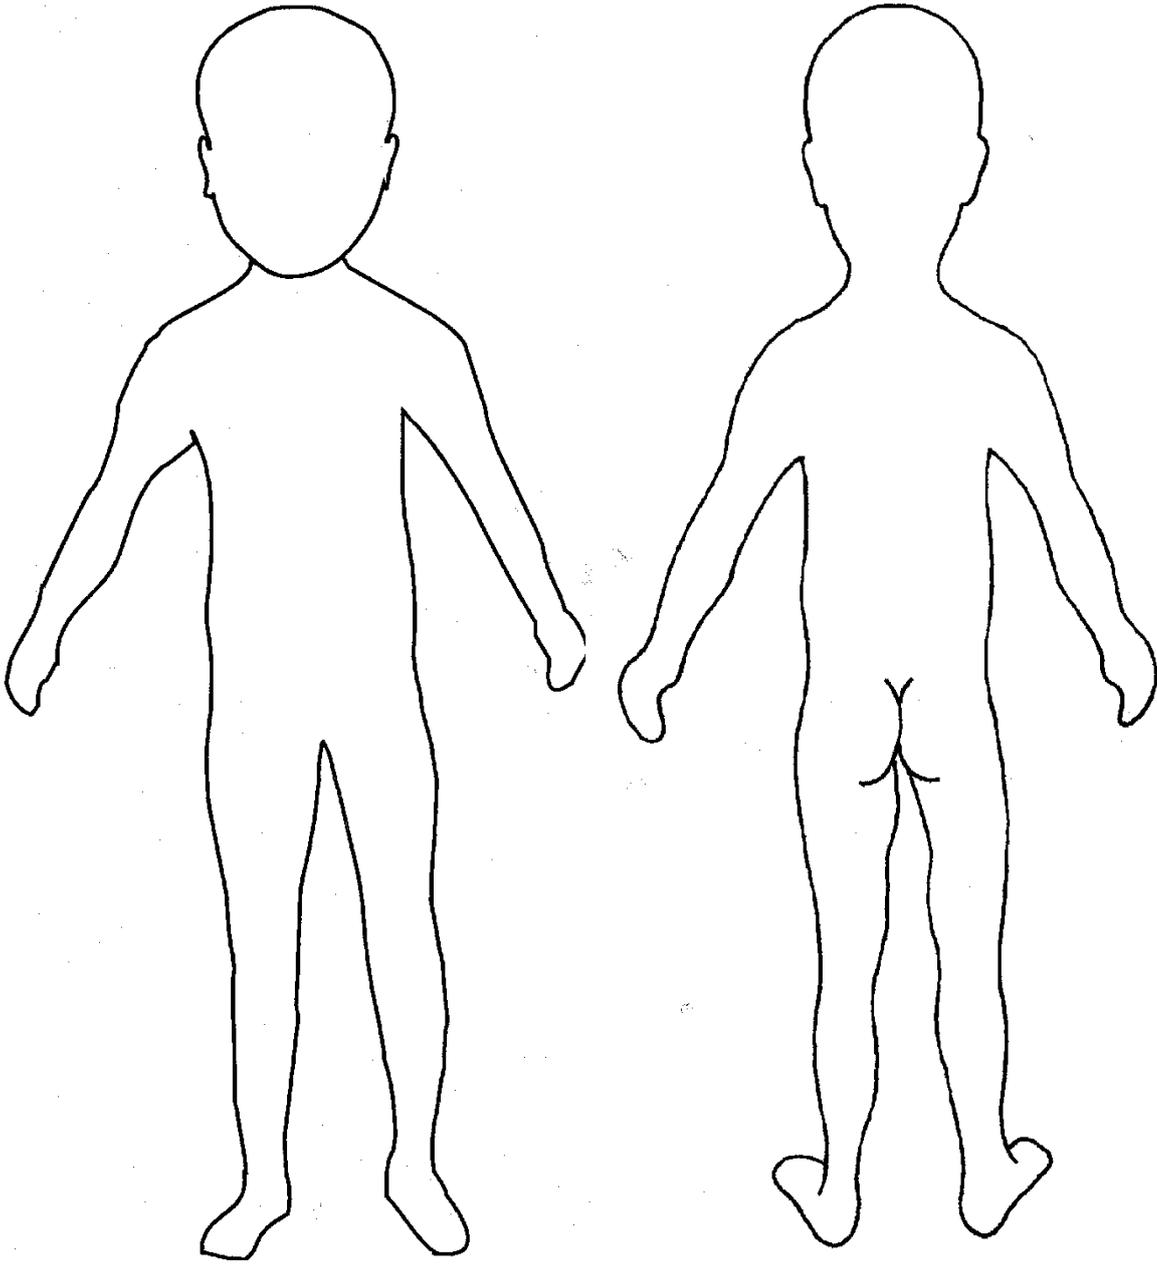

Parent/carer informed?	Y	Who spoken to:	Date:	Time:	By whom:
	N	Detail reason:			
Is any additional detail held, if so where?					
Prior safeguarding history	No. of previous records of concern:				
	Has the child been subject of CAF/Early Help assessment?				
	Currently on CP Plan (CPP) / Child in Need Plan (CiN)				
	Previously on CP Plan (CPP) / Child in Need Plan (CiN)				
	Is child known to other agencies?			Y / N	
Name of DSL:				Signature:
