A helping hand, working for your children

Mothers' Day Gifts

This year, Mother's Day falls on Sunday, March 26th, so we're busy organising a gift the children can make to give to their wonderful mums, grandmas, aunts or indeed, any special women in their lives.

The idea is for the children to make up some pretty jars of bath salts for their mums. The salts are organic Dead Sea salts which are wonderful for your skin and will come in a variety of different colours and scents for the children to choose and layer into jars for you. They will also make and decorate paper tops for them.

The jars cost **£2** each and you can have as many as you like. The children love making gifts, especially when it's for someone they love, so for your chance to order one, please fill in the form below saying who the bath salts are for and return it to the office with the money enclosed,.

We shall start making up the jars in the next couple of weeks. If anyone would like to come and help with children, I'm sure Jane Collins (Libby, Silver Birch) and Kate Pomphrett (Annabel, Oak) will be very glad to hear from you.

Thank you for your support,

The FOS team

Child's name _____ Class _____

Number of jars _____ Money enclosed _____

Who they're for _____

Please make cheques payable to The Friends of Stoke by Nayland Primary School.
