

Overview of MFL (French) 2017-18	<u>Topic 1</u> Un monstre amical (A friendly monster)	<u>Topic 2</u> Vive le weekend! (Hooray for the weekend)	On-going throughout the year
<p>Children learn French from year 2. We use a visiting teacher who has developed her own scheme of work. All children will be working on the same topics, but with varying outcomes to ensure adequate challenge and progression in KS2. In year 6 this prepares the children for continuing with French at secondary school.</p> <p>Over the year, children will regularly encounter everyday language, stories, songs and rhymes. They will be exposed to authentic French sources whenever possible. Speaking, listening, reading, writing, language learning skills and grammatical understanding will be developed through topic areas.</p> <p>Language learning and intercultural understanding is reinforced by class teachers and by whole school activities, such as holding a Languages Day, and singing French carols at Christmas.</p>	<p>Body nouns and gender</p> <p>Colour adjectives and agreement</p> <p>Sentence building</p> <p>Design and (written) description of a monster</p>	<p>Activity nouns and gender</p> <p>Opinion phrases and sentence building</p> <p>Opinion adjectives</p> <p>Spoken presentation</p>	<p>Numbers</p> <p>Colours</p> <p>Classroom objects</p> <p>Weather</p> <p>Days and dates</p> <p>Traditions and festivals</p>
