

Summer holiday homework – Maple class

During the holiday we would like the children to produce one poster about an event to share with the rest of Maple class. This could be a poster about-

- a place they have visited on holiday
- a day out
- a visit to a relative
- a day playing in the park

They can include pictures or photographs, a map, tickets and writing to explain their visit.

We will share and display their posters in school in September.

In addition, please encourage your child to read every day and if possible to take part in the summer reading challenge offered by the library.

Mrs Pilkington and Miss Moore.
