Dear Parents & Carers

Online Safety Information Evening – Thursday 4th May 2017

Do you understand your child’s cyber culture - that is, the way in which he/she uses the internet and mobile phone for homework, to play and to socialise? Do you understand how to keep your child safe from online predators and cyber bullying? These issues are sometimes complex, both technically and psychologically, and we can often struggle to keep up. Even if you think your child is too young for these matters to concern you, are you prepared for the rapidly changing world of social technology that your child will have knowledge of?

We would therefore like to invite parents to an Online Safety Information evening. As indicated in the last newsletter, this will be held at the school on Thursday 4th May. On this occasion we are running 2 sessions. The first at 4:00pm and the second at 6:30pm. The evening will cover several online safety topics including:

- Do you know what technologies your child uses?
- Do you know how to keep your child safe online at home?
- Do you know what your child is searching on the internet?
- Do you know the games they are playing and who they are talking to?
- Do you know which devices your child can access the internet on?
- How can we all support and protect our children whilst still allowing them access to what has become a vital part of 21st century life?

The sessions will be run by Mrs McGrath-Wells and there will be time for questions at the end. We feel that this is vital information that all parents should be aware of to help keep their children safe.

Please return the reply slip below to indicate which session you would like to attend.

Yours sincerely

Jane Le Grice

Headteacher
