Volume 15 2017/18 Issue 6

June 2018

## ART FEATURE

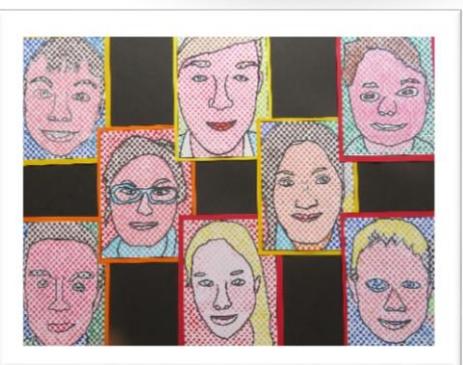

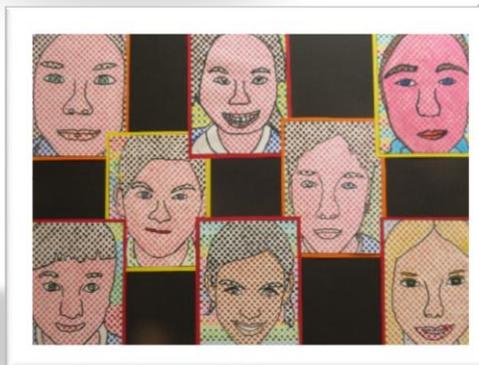

For the front page of this newsletter we have featured some art work done in the school recently.

Mrs Haines worked with Years 5 and 6 to produce work to support the Art Exhibition in the church.

Miss Moore planned a whole school portrait project, taking inspiration from the work of Andy Warhol and Roy Lichtenstein.

We have some very talented children (and teachers!) at our school

### Stoke by Nayland Spring Fair

Thank you to all those who came and danced around the maypole at this event. It was a lovely sunny day and the children represented the school perfectly. Many thanks to Mrs McGrath-Wells for organising this. The work we have done so far on the Eco-garden was also on display, along with some of the art work on the first page.

### Sport and physical activities

We have new goal posts and a range of footballs. The children (boys and girls) are very keen to have their turn on the field at playtimes.

Well done to those who took part in the cricket tournament at the Cricket Grounds in Sudbury. We let as many as possible have a turn and played well. We were up against some formidable opposition from a private school in quite daunting cricket whites!

### Year 6 SATS

Very well done to all in Year 6 after working their hardest during SATS week. Most children had been coming in at 8:15am for two mornings a week for some extra booster lessons since February. Whatever the end results are, all the staff are very proud of them and hope that you are too.

### Royal Wedding

We celebrated the royal wedding with a playground tea party. Children enjoyed dressing up for the occasion and we took part in a range of royalty themed activities such as writing invitations and making crowns.

### Other Events in Brief:

Silver Birch class attended the Farm and Country Fair at Trinity Park in Ipswich

Oak class went to 'Crucial Crew' to learn about personal safety.

The Eco-Garden continues to develop and a new pond is planned
